Manufacturer	Eaton
Catalog number	jm60400-3mw22
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Eaton
Part Number	JM60400-3MW22
Product Type	Modular Fuse Block
Amperage Rating	225-400 A
Voltage Rating	600 V
Short-Circuit Rating	200 kA
Number of Poles	3
Wire Size	(2) 350 kcmil - 6 AWG
Compliance	RoHS Compliant, CE Marked
Material	Thermoplastic

Description

The Eaton Bussmann series JM60400-3MW22 is a three-pole modular fuse block designed for Class J fuses, suitable for applications requiring high current protection. It accommodates wire sizes ranging from 2 AWG to 350 kcmil, providing flexibility for various installation needs.

This fuse block is rated for 225 to 400 amperes and operates at a voltage of 600 V, ensuring reliable performance in demanding environments. With a short-circuit rating of 200 kA, it offers robust protection against electrical faults.

The JM60400-3MW22 is RoHS compliant and CE marked, meeting international standards for safety and environmental responsibility. Its thermoplastic construction ensures durability and resistance to
