## Technical specification

| | |
|---|---|
| **Product Type** | Terminal Block/Strip Wiring Device |
| **Brand** | ABB |
| **Part Number** | 1SBP260178R1001 |
| **Display Type** | TFT Color Touch Display |
| **Display Resolution** | 320 x 240 pixels |
| **Power Supply** | 24 VDC |
| **Current Consumption** | 450 mA |

## Description

The ABB 1SBP260178R1001 is a terminal block/strip wiring device designed for industrial automation applications. Manufactured by ABB, a global leader in industrial technology, this component ensures reliable electrical connections in control panels and machinery. Its robust construction and precise engineering make it suitable for various industrial environments, providing secure and efficient wiring solutions. The device is part of ABB's comprehensive range of automation components, reflecting the company's commitment to quality and innovation in industrial automation.
