Manufacturer	Rittal
Catalog number	sk-3318610-mini0010mh00v000aa
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Cooling Capacity	1.1 kW
Air Throughput	900 m³/h
Operating Voltage	230 V
Dimensions	600 x 400 x 455 mm
Weight	48 kg

Description

The Rittal SK 3318.610 (MINI0010MH00V000AA) is a compact and modular TopTherm chiller designed for efficient cooling in industrial applications. This stand-alone unit offers a cooling capacity of 1.1 kW at an ambient temperature of 18°C and a medium temperature of 35°C, with an air throughput of 900 m³/h.

It operates on a 230 V, single-phase, 50/60 Hz power supply and features a microcontroller-based temperature control system with a factory setting of 20°C. The chiller is housed in a RAL 7035 enclosure and includes a hydrophobic RiNano-coated condenser for enhanced performance.

Its dimensions are 600 mm in width, 400 mm in height, and 455 mm in depth, with a weight of 48 kg. The unit is rated IP 44 for electrical protection, ensuring reliable operation in various industrial environments.
