Manufacturer	Siemens
Catalog number	1-la-5080-6aa23-zk17
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Frame Size	80 mm
Number of Poles	6 poles
Protection Class	IP55
Product Series	1LA
Manufacturer	Siemens
Part Number	1LA5080-6AA23-ZK17
Category	Podzespoły automatyki przemysłowej

Description

The Siemens 1LA5080-6AA23-ZK17 is a low-voltage squirrel-cage motor designed for industrial applications requiring reliable and efficient performance. This motor features a 6-pole design, making it suitable for operations where moderate speed control is essential.

It is housed in a size 80 frame and is rated with a thermal class F insulation, ensuring durability and longevity under varying operational conditions. The motor is enclosed in an IP55-rated housing, providing protection against dust and water ingress, which is crucial for maintaining optimal performance in industrial environments.

This motor is part of Siemens' 1LA series, known for their robust construction and versatility in various industrial settings.
