Manufacturer	Abb
Catalog number	1sfl531001r8811
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage Rating	690 V
Control Voltage Range	24 to 690 V AC
Frequency	50 and 60 Hz
Product Type	Three-Phase Contactor
Application Area	Motor Starting, Isolation, Bypass, Distribution

Description

The ABB 1SFL531001R8811 is a three-phase contactor designed for motor starting, isolation, bypass, and distribution applications up to a maximum of 690 V. It operates with control voltages ranging from 24 to 690 V AC at 50 and 60 Hz. This contactor is suitable for various industrial automation applications, providing reliable performance in demanding environments.
