Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	1LC5090-4EC20-Z
Product Type	Enclosed Contactor
Application Area	Motor Control Systems
Product Family	SIRIUS

Description

The Siemens 1LC5090-4EC20-Z is an enclosed contactor designed for three-phase and single-phase motor applications. Enclosed contactors are integral components in motor control systems, providing reliable switching and protection for motors in various industrial settings.

Siemens offers a comprehensive range of enclosed contactors suitable for both industrial and commercial applications. For detailed specifications and configuration options, refer to Siemens' official documentation.
