Manufacturer	Abb
Catalog number	1tge120026r0103
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	ABB
Part Number	1TGE120026R0103
Product Type	HMI Panel
System Compatibility	MNS iS Mview
Display Type	Touchscreen

Description

The ABB 1TGE120026R0103 is an advanced Human-Machine Interface (HMI) panel designed to enhance user interaction with industrial automation systems. Manufactured by ABB, a global leader in automation and electrification, this panel offers intuitive control and monitoring capabilities for complex processes. Key features include a high-resolution touchscreen display, robust construction suitable for industrial environments, and compatibility with ABB's MNS iS Mview system. The panel's ergonomic design ensures ease of use, while its durable build guarantees reliable performance in demanding settings. Ideal for applications requiring precise control and real-time data visualization, the 1TGE120026R0103 is a valuable asset for optimizing operational efficiency and safety in industrial automation.
