Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Component Specifications	pc870
Processor	1.2 GHz Pentium III
RAM	512 MB
Hard Drive	20.4 GB
Touchscreen	15-inch
Floppy Drive	LS240 unit

Description

The Siemens 6AV7764-0AA01-0AT0 is a 15-inch Panel PC 870 designed for industrial automation applications. It features a 1.2 GHz Pentium III processor, 512 MB RAM, and a 20.4 GB hard drive, providing robust performance for demanding tasks.

The system includes a 15-inch touchscreen interface, offering intuitive control and monitoring capabilities. Additionally, it comes equipped with an LS240 floppy drive and is prepared for HMI-FO Link integration, facilitating seamless communication with external devices.

This model is suitable for various industrial environments, including manufacturing and process control, where reliable and efficient human-machine interaction is essential.
