Manufacturer	Siemens
Catalog number	6bk1800-8nu00-0xx0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Processor	Intel Core i7-610E GHz
Processor Speed	2.53 GHz
Memory	8 GB
Memory Type	DDR3
Graphics	Integrated

Description

The Siemens 6BK1800-8NU00-0XX0 is a high-performance industrial PC from the SIMATIC IPC847C series, designed for demanding automation tasks. Powered by an Intel Core i7-610E processor operating at 2.53 GHz, it ensures robust processing capabilities for complex applications.

Equipped with 8 GB of DDR3 RAM, the system offers reliable memory performance to handle multitasking efficiently. The integrated graphics solution provides sufficient visual output for standard industrial applications.

Connectivity options include multiple USB ports, Ethernet interfaces, and serial ports, facilitating seamless integration into various automation networks. This industrial PC is engineered for durability and reliability, making it suitable for continuous operation in industrial environments.

Its compact design allows for flexible installation in diverse settings, ensuring adaptability to specific operational requirements.
