Manufacturer	Siemens
Catalog number	6dm1001-4wa25
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	6DM1001-4WA25
Product Type	Modul Pac C Module
Series	SIMOREG
Product Series	SIMOREG K

Description

The Siemens 6DM1001-4WA25 is a module from the SIMOREG series, specifically designed for industrial automation applications. This module is part of the Modul Pac C series, indicating its role in control systems for automation processes.

While detailed technical specifications are not readily available, the 6DM1001-4WA25 is known for its robust construction and reliable performance in demanding industrial environments. It is suitable for integration into control cabinets, offering dependable operation for automation, retrofit, and maintenance projects.

The module's design focuses on easy installation and consistent performance, making it a valuable component for various industrial automation needs.
