

2CDS253103R0634

Industrial automation components

Manufacturer	Abb
Catalog number	2cds253103r0634
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Current	63 A
Frequency	60

Description

The 2CDS253103R0634 is an advanced industrial product from ABB, designed for operation in systems with a current of 63 A and a frequency of 60 Hz. Its robust construction ensures reliability and long-lasting performance in demanding industrial environments. This product is ideal for applications where stability and energy efficiency are critical.
