Manufacturer	Siemens
Catalog number	6rb2100-0na01-6rb2100-0sa01
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Manufacturer	Siemens
Product Type	SIMODRIVE 210 DC Feed Drive Control Board
Control Type	Closed-loop Analog
Number of Axes	1 axis
Product Series	SIMODRIVE 210

Description

The Siemens 6RB2100-0NA01 and 6RB2100-0SA01 are components of the SIMODRIVE 210 series, designed for precise control of DC feed drives in industrial automation applications. The 6RB2100-0NA01 is a closed-loop control board for a single-axis DC feed drive, utilizing analog control methods to ensure accurate speed and torque regulation.

The 6RB2100-0SA01 serves as a setting module for the same system, facilitating configuration and parameter adjustments to optimize drive performance. These modules are integral to maintaining operational efficiency and precision in automated processes.
