Manufacturer	Siemens
Catalog number	c98043-a1204-l25-04
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	Siemens
Part Number	C98043-A1204-L25-04
Product Type	SIMODRIVE 6RA270 DC-HSA FBG Control Module
Application Area	Industrial Automation
Series	6RA270 DC-HSA

Description

The Siemens C98043-A1204-L25-04 is a component of the SIMODRIVE 6RA270 DC-HSA FBG control system, designed for precise control of DC motors in industrial automation applications. This module is engineered to handle high current loads, ensuring reliable performance in demanding environments.

It features advanced control algorithms to optimize motor efficiency and responsiveness, contributing to enhanced system performance and energy savings. The module's robust construction and quality components ensure durability and longevity, making it a valuable asset for maintaining and upgrading existing automation systems.

Its compatibility with Siemens' SIMODRIVE series allows for seamless integration into existing setups, facilitating straightforward replacements and system expansions. This module is ideal for applications requiring precise motor control, such as in manufacturing processes, material handling systems, and other industrial automation tasks where reliability and efficiency are paramount.
