Manufacturer	Siemens
Catalog number	c98043-a1204-l25
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	FBG Control Module
Product Family	SIMODRIVE 6RA270
Brand	Siemens
Part Number	C98043-A1204-L25
Application Area	High-performance drive control in industrial automation

Description

The Siemens C98043-A1204-L25 is a component from the SIMODRIVE 6RA270 series, designed for DC-HSA FBG control applications. This module is engineered to manage high-performance drives, ensuring precise control and reliability in demanding industrial environments.

Key features include robust construction for enhanced durability and compatibility with Siemens' advanced drive systems, facilitating seamless integration into existing setups. Its design emphasizes efficiency and operational stability, making it a preferred choice for applications requiring consistent performance and minimal downtime.
