Manufacturer	Siemens
Catalog number	mpp483ieh-s43-6fc5303-1af12-8bw0
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Input Voltage	24 V DC
Power Consumption	35 W
Front Protection Rating	IP54 IP
Rear Protection Rating	IP10A IP
Dimensions	483 x 155 x 140 mm
Weight	3 kg
Handheld Terminal Compatibility	HT 2, HT 8

Description

The Siemens SINUMERIK MPP 483 IEH-S43 is a machine push button panel designed for industrial applications, particularly in CNC (Computer Numerical Control) systems. This panel serves as an interface between the operator and the machine, facilitating control and monitoring functions.

It features a robust design with a front protection rating of IP54, ensuring resistance against dust and water ingress. The rear protection is rated IP10A, indicating basic protection against contact.

Operating on a 24 V DC supply voltage, the panel has a maximum power consumption of 35 W. It is equipped with a connection for SINUMERIK handheld terminals HT 2 and HT 8, enhancing its versatility in various industrial settings.

The panel's dimensions are 483 x 155 x 140 mm, and it weighs approximately 3 kg, making it suitable for integration into diverse machine control environments.
