Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Manufacturer	Siemens
Part Number	6FC5303-1AF12-8BY0
Product Type	Machine Push Button Panel
Supply Voltage	24 V DC
Power Consumption	35 W
Front Protection Rating	IP54
Rear Protection Rating	IP10A
Dimensions	483 x 155 x 140 mm
Weight	3 kg

Description

The Siemens SINUMERIK MPP483IEH-S45 is a machine push button panel designed for industrial automation applications. This panel is part of the SINUMERIK MPP 483 IEH series, which features an industrial Ethernet connection and is compatible with SINUMERIK HT 8 handheld terminals.

It operates on a 24 V DC supply voltage and has a maximum power consumption of 35 W. The panel offers a front protection rating of IP54 and a rear protection rating of IP10A, ensuring durability in industrial environments.

Its dimensions are 483 x 155 x 140 mm, and it weighs approximately 3 kg. This model is suitable for controlling and monitoring machinery in various industrial settings, providing reliable and efficient
