

3BSE018114R1

Industrial automation components

Manufacturer	Abb
Catalog number	3bse018114r1
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Component Specifications	tp830
Product Type	Module
Signal Type	24
Signal Level	24 V

Description

The 3BSE018114R1 module from ABB is a component with a tp830 specification, designed to operate with a signal type of 24. Its signal level is 24, making it suitable for applications requiring precise signal processing. This module is characterized by high reliability and performance, making it an ideal solution in industrial settings.
