

3HAB2213-1

Industrial automation components

Manufacturer	Abb
Catalog number	3hab2213-1
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	2.21 kgs
Weight	2.21 kg
Product Type	Serial Measurement Board
Product Family	S4, S4C, S4C+
Dimensions	10.0 x 22.0 x 12.0 cm
Controller Compatibility	S4C+
Product Type	Serial Measurement Unit
Product Family	DSQC 313

Description

The ABB 3HAB2213-1, also known as DSQC 313, is a Serial Measurement Board designed for ABB's S4, S4C, and S4C+ robot controllers. This module plays a crucial role in the precise measurement and regulation of robotic movements, ensuring optimal performance in industrial automation applications. It is engineered to integrate seamlessly with ABB's robotic systems, providing reliable data acquisition and processing capabilities. The 3HAB2213-1 is recognized for its durability and efficiency, making it a preferred choice for enhancing the functionality of ABB robotic solutions.
