

3HAB5761-1/04

Industrial automation components

Manufacturer	Abb
Catalog number	3hab5761-104
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	ABB
Part Number	3HAB5761-1/04
Product Type	Servo Motor
Application Area	Industrial Automation

Description

The ABB 3HAB5761-1/04 is a high-performance servo motor designed for precision motion control applications. Manufactured by ABB, a global leader in industrial automation, this motor is engineered to deliver reliable and efficient performance in demanding environments. It features advanced control capabilities, ensuring smooth and accurate operation for various industrial processes. The 3HAB5761-1/04 is compatible with ABB's extensive range of automation systems, facilitating seamless integration into existing setups. Its robust construction and high-quality materials contribute to its durability and longevity, making it a valuable component for enhancing automation systems.
