

3HAB8101-5

Industrial automation components

Manufacturer	Abb
Catalog number	3hab8101-5
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	3.18 kgs
Current	346 A
Product Type	Drive
Relay Specifications	346 A
Weight	3.18 kg
Dimensions	12.7 cm x 6.4 cm x 17.8 cm
Manufacturer	ABB
Part Number	3HAB8101-5
Category	Podzespoły automatyki przemysłowej

Description

The ABB 3HAB8101-5 is a high-performance servo drive unit designed for precise control in industrial automation applications. Manufactured by ABB, a global leader in industrial technology, this drive unit is engineered to deliver reliable and efficient performance in demanding environments. It is compatible with ABB's robotic systems, providing seamless integration and enhanced operational capabilities. The 3HAB8101-5 features advanced control algorithms, robust construction, and user-friendly interfaces, making it an ideal choice for applications requiring high precision and durability. Its compact design allows for easy installation and maintenance, ensuring minimal downtime and optimal productivity. This servo drive unit is suitable for various industrial sectors, including manufacturing, robotics, and automation, where precision and reliability are paramount.
