

3HAC020691-001

Industrial automation components

Manufacturer	Abb
Catalog number	3hac020691-001
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	ABB
Part Number	3HAC020691-001
Product Type	Balancing Device
Robot Model Compatibility	IRB660/IRB6600
Compatible Robot Models	IRB6600
Product Series	IRB660/IRB6600

Description

The ABB 3HAC020691-001, also known as Balancing Device A, is a critical component designed to enhance the stability and precision of ABB's IRB660/IRB6600 series industrial robots. This device effectively counterbalances the weight of moving parts, ensuring smooth and efficient operation in various industrial applications. Manufactured by ABB, a leader in industrial automation, this balancing device is engineered for durability and optimal performance. It is compatible with the IRB660/IRB6600 robot models, providing essential support for their mechanical systems. The 3HAC020691-001 is available through authorized distributors and is backed by ABB's quality standards, ensuring reliability and longevity in demanding industrial environments.
