

3HAC021346-001

Industrial automation components

Manufacturer	Abb
Catalog number	3hac021346-001
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	ABB
Part Number	3HAC021346-001
Product Type	Motor with Pinion
Robot Model	IRB 2400
Application Area	Industrial Robotics

Description

The ABB 3HAC021346-001 is a motor with pinion designed for the ABB IRB 2400 industrial robot. This motor is utilized in axes 1 and 3 of the IRB 2400 model, which is renowned for its precision and versatility in various industrial applications. The 3HAC021346-001 motor is specifically engineered to provide reliable performance and seamless integration within the robot's system, ensuring optimal functionality and longevity. Its robust construction and high-quality materials make it a critical component for maintaining the operational efficiency of the IRB 2400 robot. For detailed specifications and compatibility information, please refer to the official ABB product page.
