Ask about this product

Manufacturer	Abb
Catalog number	3hac030794-001
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Brand	ABB
Part Number	3HAC030794-001
Product Type	AC Servomotor
Application Area	Industrial Automation
Compatible Robot Models	IRB6620, IRB6640

Description

The ABB 3HAC030794-001 is a high-performance AC servomotor designed for industrial automation applications. Manufactured by ABB, a global leader in industrial technology, this motor is engineered to deliver precise motion control and reliable operation in demanding environments. The part number 3HAC030794-001 specifically identifies this model, ensuring compatibility and ease of integration into existing systems. Key features include a robust design suitable for continuous operation, high torque output for demanding tasks, and compatibility with ABB's comprehensive automation solutions. This servomotor is ideal for applications requiring precise motion control, such as robotics, CNC machinery, and automated assembly lines. Its integration into ABB's automation ecosystem allows for seamless communication and control, enhancing overall system performance and efficiency. The 3HAC030794-001 is a testament to ABB's commitment to quality and innovation in industrial automation.
