

3HAC11827-1

Industrial automation components

Manufacturer	Abb
Catalog number	3hac11827-1
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.20 kgs kg
Product Type	Power Supply Accessory
Application Area	Industrial Robotics
Compatibility	ABB S4, S4C, S4C+ Robot Controllers
Product Type	Power Supply Accessory
Product Family	S4-S4C-S4C+
Application Area	Robot Controllers
Manufacturer	ABB

Description

The ABB 3HAC11827-1 is a power supply accessory designed for ABB's S4, S4C, and S4C+ robot controllers. This component ensures a stable DC bus voltage, which is crucial for the reliable operation of ABB industrial robots. It is engineered to meet the specific power requirements of these robot controllers, providing consistent and efficient power distribution. The 3HAC11827-1 is recognized for its durability and compatibility with ABB's robotic systems, making it an essential part for maintaining optimal performance in industrial automation applications.
