

ACS480-04-046A-4

Industrial automation components

Manufacturer	Abb
Catalog number	acs480-04-046a-4
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	AC
Power	22
Component Specifications	acs480
Cooling Capacity	22
Measurement Range	4 - 46
Current	45 A
Horsepower	22
Product Type	Drive
Signal Level	380400.415 V
Relay Specifications	46 A

Description

The ACS480-04-046A-4 drive from ABB is an advanced solution for motor control, featuring AC voltage and a current rating of 45 A. With a power output of 22 kW, it is ideal for applications requiring high efficiency. The acs480 component specification ensures reliability, while the measurement range of 4 to 46 allows for precise monitoring. The signal level is 380400.415, and the relay specification is 46, providing optimal control and cooling performance.
