

ACS501-011-3-00P200000

Industrial automation components

Manufacturer	Abb
Catalog number	acs501-011-3-00p200000
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Product Type	AC Drive
Voltage Range	380-415 VAC
Power Rating	11 KVA
Mounting Type	Wall-mounted
Product Series	ACS 500

Description

The ABB ACS501-011-3-00P200000 is a wall-mounted AC drive designed for variable speed control of three-phase induction motors. Part of the ACS 500 series, this drive is suitable for applications requiring precise speed and torque control. It operates within a voltage range of 380-415 VAC and is rated for 11 KVA, making it ideal for medium to large industrial machinery. The drive features a user-friendly interface for easy setup and operation, along with built-in protection mechanisms to ensure reliable performance. Its compact design allows for flexible installation in various industrial settings.
