

ACS580-01-293A-4

Industrial automation components

Manufacturer	Abb
Catalog number	acs580-01-293a-4
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	400 V
Frequency	63 Hz
Component Specifications	acs580
Horsepower	160 KW
Cooling Capacity	160 kW
Product Type	Inverter
Current	293 A
Measurement Range	1 - 293
Signal Type	400
Signal Level	400 V
Relay Specifications	293 A

Description

The ABB ACS580-01-293A-4 inverter is an advanced device designed for efficient motor control. It operates at a voltage of 400V and a current of 293A, offering a frequency of up to 63Hz. Its motor power is rated at 160 kW, with a cooling efficiency also reaching 160 kW. The measurement range spans from 1 to 293, ensuring precise monitoring. This inverter is characterized by high reliability and versatility in industrial applications.
