

NDBU95C

Industrial automation components

Manufacturer	Abb
Catalog number	ndbu-95c
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Memory/Storage	10 MB
Component Specifications	acs800

Description

The NDBU95C is an advanced component featuring a memory capacity of 10, designed for integration with the ACS800 system. Its reliability and performance make it an ideal solution for industrial applications requiring high-quality data storage.
