

1747-DTAM-E

Industrial automation components

Manufacturer	Allen-Bradley
Catalog number	1747-dtam-e
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Signal Type	24
Voltage	24 V
Product Type	Module
Signal Level	24 V

Description

The 1747-DTAM-E module from Allen-Bradley is an advanced device designed for use in industrial automation systems. Powered by a 24V supply, this module handles signals at a level of 24, making it an ideal solution for applications requiring precise data processing. Its robust design ensures reliability and long-lasting performance in challenging industrial environments.
