

1769-L20

Industrial automation components

Manufacturer	Allen-Bradley
Catalog number	1769-l20
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.32 kgs kg
---------------	-------------

Description

The Allen-Bradley 1769-L20 controller is a compact device weighing 0.32 kg, designed for use in industrial automation applications. It provides reliable process management and integration with other system components. Its lightweight design facilitates easy installation and transport, making it an ideal solution for various industrial applications.
