

1784-PCM6/B

Industrial automation components

Manufacturer	Allen-Bradley
Catalog number	1784-pcm6b
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Industrial Safety	plc
Product Type	Cable
Safety Level	plc

Description

The 1784-PCM6/B cable from Allen-Bradley is designed for use in PLC systems, providing reliable connectivity in industrial environments. This product features a high level of safety, making it an ideal solution for applications requiring advanced protection. Its design is optimized for performance and durability, ensuring long-lasting use in challenging conditions.
