

1785-CHBM

Industrial automation components

Manufacturer	Allen-Bradley
Catalog number	1785-chbm
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	5 V
Temperature	100
Signal Type	5
Current	0.17 A
Industrial Safety	plc
Signal Level	5 V
Safety Level	plc

Description

The 1785-CHBM module from Allen-Bradley is an advanced device designed for use in industrial automation systems. It operates at a voltage of 5V and a current of 0.17A, making it suitable for tasks requiring precise control. Its maximum operating temperature is 100°C, ensuring reliability in harsh conditions. The module meets PLC safety standards, guaranteeing high quality and operational safety. The signal type and level are both 5, providing optimal performance in industrial applications.
