

1794-TB3

Industrial automation components

Manufacturer	Allen-Bradley
Catalog number	1794-tb3
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.20 kgs
Features	Screw Terminals
Temperature Rating	-20 to 70 °C
Mounting Type	DIN Rail
Dimensions	94 x 79.9 x 57.7 mm
Weight	0.249 kg
Connection Type	Cage Clamp

Description

The Allen-Bradley 1794-TB3 is a terminal base unit designed for the Flex I/O system, offering a reliable foundation for industrial automation applications. This unit features a cage clamp connection system, ensuring secure and efficient wiring for various I/O modules. It operates within a temperature range of -20°C to 70°C (-4°F to 158°F), making it suitable for diverse industrial environments. The 1794-TB3 is engineered for DIN rail mounting, facilitating straightforward installation and maintenance. Its compact dimensions of 94 x 79.9 x 57.7 mm (3.7 x 3.1 x 2.3 inches) and weight of 0.249 kg (0.55 lbs) contribute to its space-saving design. This terminal base unit is compatible with the Allen-Bradley Flex I/O system, providing flexibility and scalability for automation solutions. For detailed specifications and installation instructions, refer to the official product page.
