

1794-ASB2

Industrial automation components

Manufacturer	Allen-Bradley
Catalog number	1794asb2
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	24 V
Product Type	Module
Signal Type	24
Signal Level	24 V

Description

The 1794-ASB2 module from Allen-Bradley is an advanced solution for integrating automation systems. It operates at a voltage of 24V, ensuring stable power supply and reliability in challenging industrial conditions. Both the signal type and signal level are also 24, making it ideal for applications requiring precise data processing. This module is designed for easy integration with other system components, enhancing its versatility and efficiency in various industrial applications.
