

2711-T10C16L1

Industrial automation components

Manufacturer	Allen-Bradley
Catalog number	2711-t10c16l1
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	2.90 kgs kg
---------------	-------------

Description

The 2711-T10C16L1 is an advanced operator interface panel from Allen-Bradley, combining functionality and performance. Weighing 2.90 kg, it is a robust device that can be easily installed in various industrial environments. This panel is ideal for applications requiring user interaction and process monitoring. Its design ensures reliability and long-lasting operation in challenging conditions.
