

2711-T10G8L1

Industrial automation components

Manufacturer	Allen-Bradley
Catalog number	2711t10g8l1
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	4.35 kgs kg
---------------	-------------

Description

The 2711-T10G8L1 is an advanced operator terminal from Allen-Bradley, designed for efficient interaction with industrial automation systems. Weighing 4.35 kg, it features a robust construction suitable for challenging industrial environments. This terminal provides an intuitive user interface, facilitating the monitoring and control of processes. With its reliability and functionality, the 2711-T10G8L1 is an ideal solution for modern manufacturing facilities.
