

500-EOD930

Industrial automation components

Manufacturer	Allen-Bradley
Catalog number	500-eod930
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Relay Specifications	120 VAC
Voltage	120 V
Frequency	50 - 60 Hz
Component Specifications	eod930
Product Type	Contactator
Signal Type	120
Signal Level	120 V

Description

The Allen-Bradley 500-EOD930 contactor is designed for operation at 120V and a frequency of 50-60Hz. Its EOD930 component specification ensures reliability in industrial applications. This product handles a signal level of 120, making it an ideal solution for various applications.
