

4PP420.0571-K05

Industrial automation components

Manufacturer	B&R
Catalog number	4pp4200571k05
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Current	10 A
Signal Type	24
Voltage	24 V
Signal Level	24 V

Description

The 4PP420.0571-K05 module from B & R is an advanced device designed for use in industrial automation systems. It features an operating voltage of 24 V and a current rating of 10 A, ensuring stable power supply. Both the signal type and signal level are also 24, making it an ideal solution for integration in various industrial applications. Its robust construction and reliability make it a trustworthy product in demanding operational conditions.
