

7CX436.50-1

Industrial automation components

Manufacturer	B&R
Catalog number	7cx436501
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	24 V
Interface Type	can
Signal Type	24
Signal Level	24 V
Current	0.4 A
Product Type	Module

Description

The 7CX436.50-1 module from B & R is a specialized device operating at a voltage of 24V and a current of 0.4A. Equipped with a CAN interface, it ensures efficient communication in automation systems. The signal type is 24, providing high-quality data transmission. The signal level also stands at 24, making it a reliable solution for industrial applications.
