

X20CP3585

Industrial automation components

Manufacturer	B&R
Catalog number	x20cp3585
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Memory/Storage	512 MB
Product Type	Module

Description

The X20CP3585 module from B & R is an advanced solution featuring a memory capacity of 512. It offers high performance and reliability in industrial applications, enabling efficient data and process management. Its design is optimized for easy integration into automation systems, making it an ideal choice for modern applications.
