

X20DS1119

Industrial automation components

| | |
|-----------------------|----------------------------------|
| Manufacturer | B&R |
| Catalog number | x20ds1119 |
| Category | Industrial automation components |
| Product type | Industrial automation components |
| Status | Active product |

Technical specification

| | |
|---------------------|--------|
| Signal Level | 24 V |
| Product Type | Module |
| Signal Type | 24 |

Description

The X20DS1119 module from B & R is an advanced solution for signal management. Designed to operate with 24V signal levels, it ensures reliable and efficient communication in automation systems. Its construction makes this module ideal for applications requiring precise signal processing. The robust design guarantees long-lasting performance in challenging industrial environments.
