

X20SC2212

Industrial automation components

Manufacturer	B&R
Catalog number	x20sc2212
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Fire Rating	b1
Current	0.5 A
Product Type	Module
Signal Type	24
Signal Level	24 V
Relay Specifications	5 A

Description

The X20SC2212 module from B & R is an innovative solution operating at a current of 0.5A. It features a fire resistance class of b1, providing additional safety in industrial applications. The signal type is 24, and the signal level is also 24, ensuring effective operation in various conditions. The relay specification is 5, enhancing its functionality.
