

X20SC2432

Industrial automation components

Manufacturer	B&R
Catalog number	x20sc2432
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Voltage	24 V
Current	6 A
Power	0.26 W
Signal Level	24 V
Product Type	Module
Signal Type	24

Description

The X20SC2432 module from B & R is an efficient industrial solution operating at a voltage of 24V and a current of 6A. It provides a power output of 0.26W, making it suitable for applications requiring low energy consumption. The signal type is 24, and the signal level is also 24, ensuring reliability and stability in challenging operational conditions.
