

X67BCE321.L12

Industrial automation components

Manufacturer	B&R
Catalog number	x67bce321l12
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Interface Type	profinet
Product Type	Module

Description

The X67BCE321.L12 module from B & R is an advanced solution featuring a profinet interface, designed for integration in industrial automation systems. Its design ensures high performance and reliability in communication, making it an ideal choice for complex applications.
