

ION001-501

Industrial automation components

Manufacturer	Baldor
Catalog number	ion001-501
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.03 kgs
Weight	0.03 kg
Product Type	CAN Input Module
Manufacturer	Baldor
Digital Inputs	8 inputs
Series	NextMove PCI
Application Area	Industrial Automation

Description

The Baldor ION001-501 is a CAN input module designed for industrial automation applications. Manufactured by Baldor, a leading provider of industrial automation components, this module facilitates seamless integration within automation systems. Its compact design and reliable performance make it suitable for various industrial environments. The ION001-501 is part of Baldor's motion control product line, offering robust solutions for motion control needs. For detailed specifications and integration guidelines, refer to the manufacturer's documentation.
