Manufacturer	Beckhoff
Catalog number	cp2915-0000
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Display Size	15 inches
Display Resolution	1024 x 768 pixels
Housing Material	Aluminum with glass front
Front Protection Rating	IP65
Rear Protection Rating	IP20
Connection Technology	DVI-E and USB-E
Maximum Connection Distance	50 meters
Direct PC Connection Distance	5 meters
Operating Temperature Range	0°C to 55°C
Power Supply	24 V DC
Installation Method	Pull-out clamping levers

Description

The Beckhoff CP2915-0000 is a 15-inch multi-touch built-in control panel designed for industrial automation applications. It features a high-resolution 1024 x 768 display, housed in an aluminum frame with a glass front, ensuring durability and a sleek appearance.

The panel offers front-side protection rated at IP65, making it suitable for harsh industrial environments, while the rear side has an IP20 rating. Connectivity options include DVI-E and USB-E interfaces, allowing for distances up to 50 meters, and a direct PC connection up to 5 meters.
