

047830-411401

Industrial automation components

Manufacturer	Bosch Rexroth
Catalog number	047830-411401
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.03 kgs
Product Type	Drive
Manufacturer	Bosch
Weight	2.00 kg
Part Number	047830-411401
Category	Industrial Automation Components

Description

The Bosch Rexroth 047830-411401 is a high-quality SM Control Board designed for industrial automation applications. Manufactured by Bosch, this control board is engineered to provide reliable performance in various automation systems. It is suitable for use in machinery and equipment requiring precise control and monitoring. The board is known for its durability and efficiency, ensuring optimal operation in demanding industrial environments. Its compact design allows for easy integration into existing systems, making it a valuable component for enhancing automation processes. The 047830-411401 is compatible with a range of Bosch Rexroth products, offering seamless integration and functionality. This control board is an essential part of Bosch's commitment to delivering innovative solutions for industrial automation.
