

047961-107401

Industrial automation components

Manufacturer	Bosch Rexroth
Catalog number	047961-107401
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	0.34 kgs
Weight	0.34 kg
Manufacturer	Bosch Rexroth
Operating Voltage	24 V DC
Model	E24
Dimensions	8.0 x 2.0 x 11.0 in

Description

The Bosch Rexroth 047961-107401 is a high-quality input module designed for seamless integration into industrial automation systems. Manufactured by Bosch, a leader in automation technology, this module ensures reliable performance and durability. It is ideal for applications requiring precise control and monitoring of input signals. The module features a compact design, facilitating easy installation and maintenance. Its robust construction guarantees longevity, even in demanding industrial environments. The 047961-107401 is compatible with various Bosch Rexroth control systems, offering flexibility and scalability for diverse automation needs. This module is an essential component for enhancing the efficiency and reliability of your automation processes.
