

NAM 1.3-08 AC

Industrial automation components

Manufacturer	Bosch Rexroth
Catalog number	nam-13-08-ac
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Input Voltage	380-460V
Output Voltage	300V
Input Terminals	U1-V1-W1
Output Terminals	U2-V2-W2
Choke Terminals	1L+ / 2L+

Description

The Bosch Rexroth NAM 1.3-08 AC is a servo line connection module designed for integration with the TVD and TVR series power supply modules. It features integrated DC bus and commutation chokes, enhancing stability and performance in industrial automation systems. The module includes input terminals U1-V1-W1, output terminals U2-V2-W2, and choke terminals 1L+ and 2L+. It accepts an input voltage range of 380-460V and delivers a regulated 300V output, ensuring reliable connectivity and power management within automated setups.
