

SM20/30GTC

Industrial automation components

Manufacturer	Bosch Rexroth
Catalog number	sm2030gtc
Category	Industrial automation components
Product type	Industrial automation components
Status	Active product

Technical specification

Weight	5.14 kgs
Weight	5.14 kg
Manufacturer	Bosch Rexroth
Product Type	Servo Motor
Application Area	Industrial Automation
Part Number	SM20/30GTC
Category	Podzespoły automatyki przemysłowej

Description

The Bosch Rexroth SM20/30GTC is a high-performance servo motor designed for precise motion control in industrial automation applications. Manufactured by Bosch Rexroth, a leader in motion control technology, this model offers exceptional reliability and efficiency. Key features include a robust design suitable for demanding environments, compatibility with various Bosch Rexroth drive systems, and advanced feedback mechanisms for accurate positioning. The SM20/30GTC is ideal for applications requiring precise speed and torque control, such as robotics, CNC machinery, and automated assembly lines. Its integration with Bosch Rexroth's drive systems ensures seamless operation and optimal performance.
